Abundance mindset

Benefits of an Abundance mindset

Reduce your anxiety

Improve your health

Appreciate your life

Foster happier and fulfilling relationships

Take control of your life

Decrease your daily stress

Access more opportunities

Law of abundance

Balance between giving and receiving in various areas of life

- Work
- Relationships
- Finances

Define what you want with a clear statement of your goal

- Specific
- Measurable
- Achievable
- Relevant
- Time-bound

What you need to attract abundance

- Learn to receive
- Find what you love
- Feel what you want
- Appreciate what you have
- Accept and let go
- Accomplish small actions

Daily practice of abundance

- Be mindful
- Focus on what you want
- Show gratitude
- Reduce expectations
- Change your vocabulary

Manifest what you want now

- Write daily in a gratitude journal
- Express self-love

Implement changes with the GROW model

- Goal
- What do you want to manifest?
- What does that look like?
- Reality
- What is getting in the way?
- What blocks you from manifesting what you want?
- Options
- What steps could you take to reach your goal?
- What could you do differently?
- Will
- What will you do and how will you do it?
- When do you plan on taking those actions?

Limiting behaviors

Focusing on the gaps

Won't ask for help

Uncomfortable with compliments

Dwelling on the past

Using words like "can't" or "don't"

Envy others

Feeding a sense of urgency

Blaming others

Research and mindsets

Scarcity mindset and opportunities

If you focus too much on what you don't have, you could be missing the abundance around you

Scarcity mindset and decision-making

make instant gratifying purchase as opposed to "think about it"

Scarcity mindset and learning

lower the psychological freedom of an individual

limit their ability and openness to learn

undermine their capacity to change

Scarcity mindset and health

poor decisions in regard to the consumption of food

leading individuals down the path of obesity, chronic disease and illness
